Assured Food Safety Ltd

Providing practical food safety solutions since 2002.

We're a New Zealand based team of like-minded food industry professionals who are passionate about food. Led by Managing Director Shane Hopgood, we provide food safety advice and food safety solutions that are robust, cost effective and technically credible.

Our satisfaction comes from helping food businesses meet their customer and regulatory obligations in a practical way.

We have strong food industry networks, in-depth knowledge of regulatory requirements, and a sound working relationship with the Ministry for Primary Industries (MPI).

For more information and an obligation free discussion on your food safety needs, contact us today!
